IN RE: IES UTILITIES INC. AND MIDWEST GAS, A DIVISION OF MIDWEST POWER SYSTEMS INC.	DOCKET NO. PGA-94-24, et al.
--	------------------------------

**ORDER CLOSING DOCKET AND
TERMINATING REPORTING REQUIREMENT**

(Issued April 12, 2000)

On October 27, 1994, "Final Decision and Order" in this docket, the Utilities Board (Board) directed IES Utilities, Inc. (IES) and MidWest Gas, a division of Midwest Power Systems Inc., n.k.a. MidAmerican Energy Company (MidAmerican) to file quarterly reports highlighting their capacity release and buy/sell transaction activities. The reports were to coincide with the purchased gas adjustments (PGA) year and be submitted within 30 days after the end of the quarter.

The Board has reviewed the reports for several years, but now finds the information is available in other filings. The necessary information pertaining to capacity release and buy/sell transactions can be found in the annual reconciliation of gas costs filed by the utilities pursuant to 199 IAC 19.10(7). The information can also be obtained from the data filed in a utility's annual gas procurement plan pursuant to 199 IAC 19.11. Therefore, the Board will close Docket No. PGA-94-24, et al., and terminate the requirement to provide quarterly reports.
